

FINANCIAL MANAGEMENT ADVISOR / DIRECTOR (Volunteer)

Do you get excited about numbers?

Can you interpret financial information to help with making management decisions?

Are you able to use financial data as a way to measure performance?

Can you bring financial information to life and explain it to other people?

Established in 1942, Youth Clubs Hampshire and Isle of Wight is the largest none faith-based, non-uniform young people's organisation in the wider-Hampshire area. We believe young people deserve access to high quality youth work services that will help enable them to achieve their true potential and we provide a wide range of different services to try and ensure this happens.

We are looking for someone with Financial Management experience and expertise to support our Board of Directors either as a Director or as an Advisor to the Board.

The commitment we are looking for is: we would ask you to prepare for and to attend Finance Meetings (approximately 2 hours 6 times per year) and Board Meetings (approximately 2 hours 4 times per year including our Annual General Meeting). There may also be occasions when the Chief Executive will require some additional support from you.

You will have overall responsibility for advising the board on finance issues and compliance. The organisation is supported by a finance committee, which you will Chair.

If you think you would be interested in supporting us or you would like to find out more about us please do get in touch for an informal chat. You can also visit our website www.ychiow.org.uk to find out more information about our work.

How to contact us:

- Telephone: 01962 852307
- Email Ally Lee-Dudley, Chief Executive: ce.ychiow@gmail.com
