

HUMAN RESOURCE MANAGEMENT ADVISOR (Volunteer)

Are you a 'people person'?

Have you got experience of Human Resource Management?

Can you help get the right people in the right job enjoying what they do and doing it well?

Do you know how to get the best out of people?

Can you help us keep up to date with best practice and legislation?

Established in 1942, Youth Clubs Hampshire and Isle of Wight is the largest none faith-based, non-uniform young people's organisation in the wider-Hampshire area. We believe young people deserve access to high quality youth work services that will help enable them to achieve their true potential and we provide a wide range of different services to try and ensure this happens.

We are looking for someone with Human Resource experience and expertise to support our Board of Directors either as a Director or as an Advisor to the Board.

The commitment we are looking for is: we would ask you to prepare for and to attend Meetings (approximately 2 hours 4 times per year). There may also be occasions when the Chief Executive will require some additional support from you.

The post requires a person to attend 3 Board meetings a year as well as the AGM. The organisation operates a performance related pay scheme and the Personnel Director is responsible for the scrutiny of all performance related pay reviews carried out by line managers. It is expected that there will be other personnel issues which from time to time the Personnel Director will have to coordinate the organisation's response.

If you think you would be interested in supporting us or you would like to find out more about us please do get in touch for an informal chat. You can also visit our website www.ychiow.org.uk to find out more information about our work.

How to contact us:

- Telephone: 01962 852307
- Email Ally Lee-Dudley, Chief Executive: ce.ychiow@gmail.com
